Dear Ohio Church friends,

A note to say thank you for the Retirement Luncheon on Sunday. It was a delight to share conversation and hugs with so many of you as my time at Ohio UP Church concludes and I step into this next phase of life. The luncheon was delicious, kudos to Bob Hurni for some spectacular pulled pork, to Dianne Kanitra for a wide selection of delicious pies and to all the Deacons for preparing, serving and cleaning-up! ChrisAnn and I wish you all God's blessings as you enter into your new season with Pastor Kalyn and her family.

With joy in our journey, bob

Mission Trip to Buckhorn, Kentucky

In July of 2022 intensely heavy rains sent creeks and rivers out of their banks in eastern Kentucky. The community of Buckhorn was hit when Squabble Creek rose to unprecedented levels. The school building

took a direct hit and was closed to classes; students have been bussed for the last two years. While the building stood, the contents were a total loss. A mission team from Beaver-Butler Presbytery, including Charles Hendrick and Pastor Bob, will be going to Buckhorn July 21-27 to help with final preparations for the school's re-opening this fall.

Buckhorn school was originally founded as a Presbyterian mission school that later became part of the public school system. Buckhorn is home to the "Log Cathedral:" the Buckhorn Lake Area Presbyterian Church.

During the trip a daily blog will be posted at oldunion2024mission.blogspot.com

Painting at the Manse

We have a new pastor coming to Ohio UP Church at the beginning of August! We have already met Pastor Kalyn and will provide her family with the use of the Manse as her home. In order to make her and her family feel more welcome as she assumes pastoral duties, we have noted what changes she would like in the decor of the Manse. Most of the requests involve washing walls and painting rooms. The paint needed to effect these changes has been purchased and has already been placed in the Manse. We will need volunteers from the congregation to wash and paint these walls. Feel free to contact Charles Hendrick (724) 203-4914 or Wendi Rybicki for further information. Also, watch Flocknote for painting announcements.

Pastor Kalyn and her family plan to arrive in Hopewell on the 31st. They are moving themselves and hoping for some volunteers on the 31st (or the 1st) to help with the move.

WE CELEBRATE 225 YEARS!

Our first stop on our time line is where else but at the beginning. It is 1799. Waterways were an important mode of travel for incoming settlers. Mills and ferries dotted streams and rivers all over Western Pennsylvania. So it is no surprise that we find the initial worshipers of Ohio United Presbyterian known as the “Flaugherty’s Run” Congregation (according to old Associate and Reformed Presbyterian Church records). At that time people from many local farms congregated in an area barn for church services. This barn just happened to be near a stream that ran through the Flaugherty’s property. Records also state that Reverend William Wilson was the first minister for the Flaugherty’s Run Congregation, dividing his time among 3 churches. Elders would preach on the Sundays that Rev. Wilson was at another location. Keeping it all local, Rev. Wilson was a graduate of the Service Theological Seminary located near, you guessed it, our own Service Creek!

Beaver County records cite that in 1837, over 400 acres around the intersection of Longvue and Maratta Roads were transferred from the Scott and Veasy families to the Flaugherty’s Run Congregation. In this part of Beaver County, farms were very prosperous. The first sawmill in the area was started in Moon Township and a shipbuilding business was formed in Shousetown (now known as Wireton). All of this contributed to the location of the first church site for our congregation.

The road starting at the church property (now known as Longvue) ran all the way to the Ohio River where a ferry carried people and goods across to what is now Ambridge. Early church members thought “Ohio” was now a much better name for our congregation. Towns were few and far between so the small wooden church (built where the cemetery is now) was deemed to be the Ohio Congregation.

Now that we’ve touched on the beginning of our timeline, you can tell people why the Ohio United Presbyterian Church isn’t located in the state of Ohio! Next time, we will zip through the years to our next important stop—the 1950’s!

See you next time,

Lynn
